#### G915 X PRODUCT DESCRIPTIONS

G915 X is a new class of full size, high performance mechanical gaming keyboards designed for speed and control. The new wireless models feature tri-mode connectivity, so players can select between LIGHTSPEED wireless, BLUETOOTH, or USB-C wired mode; switch back and forth with the touch of a button.

Built with Logitech G's LIGHTSPEED wireless technology and KEYCONTROL, the new G915 X line features low-profile GL switches and 1.3mm actuation point for achieving higher APM (actions per minute).

Unleash your power with a fully-personalized command center. KEYCONTROL allows up to 15 functions per key for endless customization. Easily execute complex sequences with 9 G-keys, soft touch media keys, and a cast iron roller bar.

Experience beautiful typing with factory lubed switches and premium components including sand-blasted alloy top plate for wired and brushed aluminum for wireless editions, a cast aluminum volume roller, double-shot PBT keycaps, soft touch media keys, and LIGHTSYNC immersive RGB lighting that comes together in its slim 23mm refined design.

#### KEY FEATURES

- **ELEVATED SPEED:** Make the most of every moment with a keyboard built for optimal speed. Low-profile GL mechanical switches feature a 1.3 mm actuation point for increased APM.

- **PLAY AT SPEED:** Play your way with tri-mode connectivity. Choose from the best-in-class 2.4 GHz LIGHTSPEED wireless, Bluetooth, or wired data mode and change with the touch of a button.
- **IMPOSSIBLY THIN, INCREDIBLY COMPACT:** At only 23 mm high, the G915 X line defies the expectations of structure design. Meticulous engineering provides durability and an ultra-thin build for maximized comfort and a sleek aesthetic.
- **NEXT-GEN TYPING EXPERIENCE:** Featuring double-shot PBT keycaps, a premium sand-blasted alloy top plate for wired and brushed aluminum for wireless editions provide a smoother feel, faster actuation, and precise typing with zero compromises to durability.
- **LIGHT UP THE GAME WITH LIGHTSYNC RGB:** Access ~16.8 M colors on this RGB backlit keyboard to customize play, create themes, and sync other Logitech G gear in G HUB.
- **KEEP PLAYING:** Enjoy non-stop gaming with up to 36 hrs of battery life with RGB at 100%, up to 90 hrs of battery life with RGB at 50%, and up to 800 hrs with RGB off. KEEP PLAYING while charging via USB-C.

#### **KEYCONTROL PRODUCT DESCRIPTION**

The G915 X line features Logitech G's new KEYCONTROL technology, which dramatically enhances the customization options compared to previous keyboards.

Accessible through G HUB, KEYCONTROL gives players the power to do everything from customizing keys to launch apps, pause or play music, copy/paste, or quickly collapse windows to the desktop, to dialing in a complete set of powerful macros, buy menu shortcuts, and quick spell slots across your entire keyboard.

Players can maximize customization thanks to the powerful features of KEYCONTROL:

- **REMAP KEYS:** Remap keys to tailor your keyboard layout to your needs. Unleash efficiency by remapping commonly used commands at your fingertips.
- **MODIFIERS AND EVENTS:** Easily assign up to 15 functions to a single key thanks to multiple events and modifiers per key.
- **LAYERS:** Harness the power of layers, including Base, FN, and G SHIFT, to easily switch between complete layers of customization.
- **G SHIFT:** Use any programmable key on any device in G HUB to activate the G SHIFT layer. Use your mouse to unlock an entire keyboard's worth of custom assignments.
- **COMMUNITY:** Join the creativity hub of our Community! Connect with fellow enthusiasts, share your keyboard customization masterpieces, and discover the settings of thousands of other gamers.
